

# Science Fiction Station

## Chapter 2: So hello! Worksheet Part A

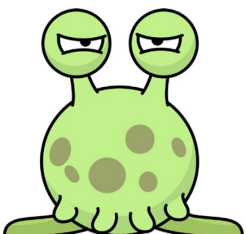

Worksheet to accompany  
the video readings of  
*Ilnoblet Elmer and the  
Alien Water Thieves*  
by Kathryn Rose Newey  
(videos available from  
[https://www.youtube.com/  
user/AztecMermaid13](https://www.youtube.com/user/AztecMermaid13)).

In this chapter, we discover Ilnoblet's secret. Part of his secret is that he has a very long, detailed name that most of his friends, family and teachers don't know. When you hear/read this chapter, complete what each part of his name means below. **Imagine you're also from another planet. Write down your full, secret name and what each part means** (if different meanings from Ilnoblet's Gapitonian name).

Ilnoblet's secret, full name	Meanings of each part of name	Your non-human, secret, full name
Ilnoblet	First name / individual name	
Hysnificanker		
Gapiton

This is "Ilnoblet Elmer" written in Egyptian Hieroglyphics.  
How do you write your name? Go to this Hieroglyphic Typewriter to find out: <https://discoveringegypt.com/egyptian-hieroglyphic-writing/hieroglyphic-typewriter/>

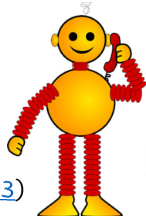

Continuing to imagine that you're not from planet Earth, how do you look? You might appear to be an ordinary human boy or girl, so no one suspects, but do you have any secret physical features or special powers (BioTech)? Perhaps you have extra large ears under your hair to help you micro-hear? Maybe you have webs between your arms and body so you can fly? **Draw yourself here, showing all the secret features, and label them with words from your planet.**

If you'd like to know how to draw a human body, check out this tutorial video: <https://youtu.be/ofdcHEGk6Mw>

Continuing to imagine that you're not from planet Earth, how do you look?
